

Dear MACSC Members and Industry Partners:

The Mid Atlantic Construction Safety Council (MACSC) is proud to award scholarships through MACSC's Foundation to qualified graduate/ undergraduate students and qualified trade persons pursuing continuing education in Construction Health and Safety; enabling growth and retention of industry talent in our region. The MACSC Foundation started in 2007 and began awarding funds in 2008. Since then, MACSC has awarded nearly \$65,000 to deserving students and trades persons for their outstanding academic achievements, leadership, and commitment to community service. MACSC is proud to support these individuals in continuing their education in Construction Safety and enabling growth and retention of industry talent in our region.
