

## Job description

Driscoll Construction is seeking qualified safety professionals for bridge construction in the heavy highway industry! We are looking for motivated, hardworking individuals to join our team and continue Driscoll's 75-years of construction expertise.

Applicants must, at a minimum, meet the following requirements:

- Have five (5) years of safety experience, with a minimum three (3) years in a supervisory role
- Have five (5) years working on bridge construction and/or heavy highway projects
- Have recently completed OSHA 30-hour construction industry certification
- Possess current AED, CPR, and First-Aid certifications
- Possess one or more of the following certifications:
  - o CHST issued by the Board of Safety Professionals (BCSP)
  - o OHST issued by the BCSP
  - o CSP issued by the BCSP
  - o ASP issued by the BCSP
  - o National Safety Council's Advanced Safety Certificate

**Driscoll Construction Co. Inc. is an Equal Opportunity Employer.**

Job Type: Full-time

## Application questions

**You have requested that Indeed ask candidates the following questions:**

- How many years of Safety Supervisor experience do you have?
- Do you have the following license or certification: Board of Safety Professionals?
- Do you have the following license or certification: OSHA-30?

Applicants, please send your resume directly to Joe Martosella at Driscoll. Email is [jmartosella@driscoll-const.com](mailto:jmartosella@driscoll-const.com)
