## SSM Safety Manager Job Description

**Title:** Safety Manager

**Location:** Wilmington, DE; Philadelphia, PA;  
Harrisburg, PA

**Department:** Health and Safety

**Position Status:** Full Time

**Reports to:** Corporate Safety Director

**Position Summary:** SSM Industries is seeking a full-time safety manager to help cover and support our health and safety program from our Delaware / Harrisburg office. The successful candidate will ensure compliance of the 29 CFR 1926 and 1910 OSHA standards throughout Delaware, Philadelphia, and Harrisburg regions for SSM's shop and field operations. SSM is looking for someone that is self-driven and looking to be a part of an already big, but growing company.

**SSM Industries Background:** SSM is headquartered in Pittsburgh, PA and with offices / operations in Latrobe, Harrisburg, and Philadelphia / Delaware. We specialize in Mechanical Construction consisting of HVAC, Plumbing, Refrigeration, Process Piping, Design Build, Shop Fabrication, Nuclear Power HVAC (Power Division), BIM, 3D Coordination, and Repair Service. SSMI has been serving the mechanical, industrial, and power industries for over 30 years, SSMI is a Top Workplace Winner.

### Job Related Tasks:

- Implement SSM, Federal, State, Local, and Client safety policies in order to maintain compliance across fabrication shops and jobsites.
- Conduct facility and job site safety audits / inspections weekly
- Provide coaching on safety topics to employees as needed
- Investigate incidents / near misses and develop incident reports
- Help order and maintain safety equipment
- Support and maintain a positive safety culture by using the technique of top-down safety leadership
- Identify best practice situations in order to better our health and safety culture
- Participate in pre-crane lift walks and implement crane lift plans

---

**Required Qualifications:**

- 4-year health and safety degree or equivalent
- 3 years of safety experience (Preferred)
- The ability to manage multiple jobs / jobsites at the same time
- Ability to build a strong working relationship with project management teams and onsite personnel
- Strong leadership and communication skills
- Willing to work all hours and schedules (Primarily day shift)
- Self-motivated with the ability to work for periods of time independently
- Knowledge of the 29CFR 1926 and 1910 OSHA Standards
- Strong computer skills
- OSHA 30 in construction completed in the previous 5 years
- CPR, First Aid, and AED certification
- Pass a pre-employment drug screening
- Valid driver license
- Ability to wear all required PPE as needed per site and shop conditions
- Ability to lift up to 50 lbs. and navigate many different type of site conditions – climb stairs, ladders, walk on uneven terrain

**Physical Demands:**

The position will perform work in many different types of shop and field environments and will require the ability to walk on difficult terrain, climb ladders and stairs. In addition, the successful candidate must have the ability to work in environments that may present exposure to elements such as dirt, fumes, smoke, loud noise, extreme temperatures, confined spaces, etc.

**Pay Rate:**

- Competitive Base Salary commensurate with experience
- Health insurance, including Dental and Vision
- 401K retirement Plan with match and discretionary bonus
- Paid Vacation – Two weeks after one year
- Paid Holidays
