

SAFETY AND LOSS CONTROL CONSULTANT - PRIVATE SECTOR RISK CONTROL

Department: National Accounts - Safety

Job Summary:

Provides safety and loss control consulting services as directed including but not limited to site-inspections, loss analysis, training, insurance carrier interface and OSHA compliance assistance. This is a full time permanent position, servicing clients primarily in the north east region of the United States. However, travel to other regions may be necessary depending on client needs.

Principal Responsibilities

- Position reports to Director of Risk Control, Private Sector.
- Provides safety training and assists with the development of safety training programs for Conner Strong & Buckelew Risk Control clients. Conducts safety, loss control and OSHA compliance audits at clients facilities and prepares in depth analytical reports.
- Reports information accurately during field surveys into concise written reports which outline exposures, existing controls, and corrective action necessary to maintain a profitable account.
- Evaluate clients for general liability, workplace safety and property exposures and create solutions to reduce that exposure.
- Assists the client as necessary in establishing an effective Loss Control Program geared toward helping reduce their frequency and severity of accidents/claims.
- Maintains a high level of technical understanding in various areas of expertise including industrial hygiene, ergonomics, life safety, fleet safety, fire protection and OSHA compliance for construction and general industry.
- Capable of providing consultation services for a wide range of industries including construction, real estate, healthcare/hospitals, hospitality/gaming, commercial trucking, life science and manufacturing.
- Provides technical assistance outside normal survey activities at the request of clients, prospects, co-workers, Conner Strong & Buckelew Risk Control, etc.
- Respond to client's location to assist with accident scene response to aid in minimizing loss frequency, severity, recurrence, and for possible subrogation
- Interaction with OSHA and other regulatory bodies on behalf of client. Accompany insurance carrier loss control representatives during site visits and meetings at client locations
- Attend and participate in claims reviews along with Conner Strong & Buckelew
- Provides marketing, sales, and product development support

Requirements

- Effective public speaking, presentation, training and oral/written communication skills
- Proficient professional writing skills
- Computer proficiency and working knowledge of MS Office
- Effective organizational, time management and project management skills

- Must be capable of maintaining a flexible schedule and have the ability to work independently
- Valid Drivers License
- Occasional overnight travel is required at points located throughout the United States.
- Authorized to work in the United States on a full-time basis without Company sponsorship.

Specialized Knowledge or Licenses

- Bachelor's degree in a related field with at least 10 or more years experience in Safety Management as a consultant and/or Safety Director
- Designation as a Certified Safety Professional (CSP) and or Certified Industrial Hygienist (CIH) strongly desired
- Experience in insurance Risk Control with a firm understanding of commercial insurance liabilities and exposures
- Extensive experience in training is essential
- 20 - 30% overnight travel is necessary
- Previous safety consulting experience is preferred.
